

Walk Across America for Kids?

In One Day?

Impossible!!

Unless...you enlist a community of supporters to do it together!!

In an effort to raise awareness and financial support for developing medical devices and products for the unmet needs of children, **DesignWise Medical (DWM)** is organizing this 1-day event on **Thursday November 13, 2014 (Give to the Max Day 2014 - GTMD)**. This walk will demonstrate support for those children and their families that suffer 24-7-365 with illness or disease by collectively walking/running the equivalent of crossing America within a 24-hour period - **3792 kilometers** (2356 miles).

We are asking all our supporters and supporters of children's health worldwide to gather with their friends and family on **November 13th** and walk or run and keep track of your distances. The walk/run can be done anytime on the 13th, at any location that works for you and be of any length.

Together we can complete the...

24 Hour Walk Across America for Kids

Walk Details:

- All participants are asked to send in their distances traveled on **Nov. 13th** as well as any pictures (selfies) taken during the walk for posting on the event image wall. Send distances and pictures to:
 - Email – walkacrossamerica@designwisemedical.org
 - Text - [6123852015](tel:6123852015)
- To **donate** to DesignWise Medical **on or before Nov. 13th** please visit <https://givemn.org/organization/Designwise-Medical-Incorporated>
 - For the 2014 GTMD, DWM Board of Directors will **match all donations** \$ for \$ up to \$3792 (the distance across America).
- Further details can be found at www.designwisemedical.org including a FAQ section, updates on Brad's (DWM Founder) 100km walk progress, and an updated overall progress chart on the **24-Hour Walk Across America for Kids**

They love to walk in our shoes...now it's our turn to walk in theirs...
